

Request for Entire Unedited Grand Jury Audio

Dearborn County, Indiana Superior Court II
Judge Sally A. McLaughlin (Formerly Blankenship)
215 W High St
2nd Floor
Lawrenceburg, IN 47025
812.537.8800

Dear Judge Sally A. McLaughlin (Blankenship):

Please provide me with unedited copies of the audio discs from the Grand Jury proceedings pertaining to the case of State of Indiana vs Daniel Brewington, Cause No: 15D02-1103-FD-00084:

February 28, 2011

March 1, 2011

March 2, 2011

Though I am aware Indiana law does not require the public to notify the agency the purpose or reasons for the request of public records, the release of the entire audio file is necessary because the transcripts are void of Prosecutor F. Aaron Negangard notifying the grand jury when the focus of the proceedings switched back to the Brewington investigation. A lack of said cues in the audio record renders it impossible for Court Reporter Barbara Ruwe to recreate the audio.

I understand by seeking copies of these records there may be a copying fee. Please inform me of the costs prior to making the copies. According to the statute, you have seven (7) days to respond to this request. If you choose to deny the request, please provide an explanation of the statutory exception authorizing the withholding of all or part of the public record that does not conflict with Indiana Code § 5-14-3-9(e).

Respectfully,
